	1 Bathroom					20LPM				
	2-3 Bathroom					26LPM				
ELECTRIC BOOST	Bathrooms			Tank Size			Booster Capacity			
	1 Bathroom			250 Litre			175 Litres			
	2-3 Bathroom			315 Litre			220 Litres			
3 Bathroom			400 Litre			280 Litres				

### GAS BOOSTER SPECIFICATIONS

Specifications	T20	T26
Energy Star Rating	6-Star	6-Star
Thermal Efficiency	80.5	81.7
Rating (l/min @ 25° C rise)	20	26
Nominal Gas Consumption (MJ/h)	160	193
Weight (KG)	15.7kg	17.2kg
Height (mm)	530	530
Height Plus Bracket (mm)	570	570
Width (mm)	350	350
Depth (mm)	170	230
Water Connections Diameter (mm)	20 BSP	20 BSP
Gas Connection Diameter (mm)	20 BSP	20 BSP
Gas Types (Natural Gas / LPG)	NG / LPG	NG / LPG
Housing Colour Beige	Beige	Beige
Warranty (Heat Exchanger)	10 Years	10 Years
Warranty (Parts & Labour)	3 Years	3 Years

### FLAT PANEL SPECIFICATIONS

	Standard	Large
Length (mm)	2005	2000
Width (mm)	1005	1250
Depth (mm)	90	95
Aperture Area (m2)	1.94	2.35
Weight (KG)	38	41
Glass Type	3,2mm Toughened	3,2mm Toughened

### WARRANTY

Collector	7 Years
Storage Tank	7 Years
Gas Booster (Heat Exchanger)	10 Years
Gas Booster (Parts & Labour)	3 Years
Parts & Labour	1 Year

\* Neopower has 140+ registered systems. The systems listed above are our most popular models.

Please contact us on 1300 062 788 to discuss a solar hot water solution tailored to your specific needs.
